International #1 Best Selling Author Illustrates Success Through Fact and Fiction

NEW YORK—JULY 04, 2017—Morgan James's new release, *The Way of the Quiet Warrior: 90 Days to the Life You Desire* by Tom Dutta, International #1 Best Selling author, uses fictional anecdotes to illustrate concepts for success.

Personal development books can be cliché and redundant. Tom Dutta approaches the topic in a fun and interesting way in *The Way of the Quiet Warrior: 90 Days to the Life You Desire*. Dutta hopes to create a personal connection with his readers and send the message that no matter what an individual has been through, he or she is not alone.

Dutta uses a fascinating combination of fact and fiction to really put concepts such as The Self, The Vision, The Community and more into perspective. The imaginative excerpts make professional development a much less technical and daunting task. Dutta talks about the importance of vulnerability in his introduction, and how the Way of the Quiet Warrior made him more open to sharing his fears and worries.

The Way of the Quiet Warrior is a new way to think about one's professional development. Readers are sure to enjoy the thrilling stories embedded within. This interesting ensemble even includes a self-assessment quiz at the end, to help readers along their journey.
