The award winning book “The Way of the Quiet Warrior” is now available in audio format!

“The Way of the Quiet Warrior”™: 90-Days to the Life You Desire is a unique hybrid of guide and fable. Mingling clear, non-fiction explanations of Tom Dutta’s revolutionary Way of the Quiet Warrior formula for success with fictional tales designed to illustrate those concepts, this audiobook is designed to be highly engaging and easy to listen to.

With more than three decades of experience in the corporate world, Tom Dutta is perfectly positioned to identify and address the unmet needs and unresolved issues of CEOs, leaders, and executives the world over.” ~ **Publisher’s Summary**

“I was flattered when Tom reached out to me to narrate his book “The Way of the Quiet Warrior”. My first glance at the book showed me that it was indeed a special kind of book. Not only has Tom tapped in to a unique formula to finding ones’ true success, but he does it in a way that is so easy to digest and personal! His story was not a “get better fast” type of story and there was no silver bullet, but his account of his journey gives you an awareness that there is something truly life altering right under all of our noses. Tom is a genuine inspiration! I have a great job and I have narrated a lot of great books, but his one is going to go down as one of my favorites. A favorite, not only because it was well written (and that makes my job easier), but because I feel like I came out the other side of it with an insight on how I can live my life better.” ~ **Chris Abel, Voice Actor**

“As the Audiobook Producer/Publisher for Tom Dutta’s, “The Way of the Quiet Warrior”, I can say the project offered some incredibly rich opportunities for a narrator-voice-over talent. Tom’s manuscript provides a rare, honest, deep visceral insight into how our experiences, pain, and the resulting subconscious thoughts, beliefs and emotional conditioning can shape the way we show up everywhere in our lives. Chris Abell’s performance of Tom’s own account of his experience and his insightful prescriptions for designing success is nothing short of masterful. Chris captured all the colors, emotions and nuances, delivering a totally engaging recording that brings Tom’s writing to life - right off the pages. We are so fortunate to have found Chris to narrate - I can’t imagine this audiobook project without him.” ~ **David Wolf, Audiobook Publisher, Morgan James Publishing**
